Thank you for your interest in submitting an abstract for the upcoming Scientific Session. This document is intended to be your guide in using the online submission software and we strongly suggest you print this out for future reference. If you have any questions regarding the abstract process or the use of the submission site, please call 310-437-0544 and ask to speak to Dan Berlant (x118) or Jason Levine (x100). You may also email abstracts@sages.org with your questions and comments.

The abstract submission system includes the following features:

**User Accounts:**

All users must register to use the system. All abstracts submitted by an account can be viewed and managed from the account. Abstracts may be edited or deleted without having to contact the SAGES office.

**Save for Later:**

If you need to leave before finishing a submission, simply logout and log back in later. Your abstract will be saved at the last point you saved data.

**Improved Support for Special Characters, Images, and Table:**

Most of the standard ASCII character set can be copied from your word processor and into the abstract text. Abstracts may now contain formatting, multiple images and tables, and improved scientific character recognition.

**IMPORTANT DATE:**

**THE SUBMISSION DEADLINE FOR ALL ABSTRACTS AND VIDEOS IS SEPTEMBER 23, 2022 11:59 PM PT**

(The deadline will not be extended and no late submissions will be accepted!)

Part 1 – Accessing the Abstract Submission Site

To access the abstract submission site, please go to the following page:

https://www.sages.org/meetings/abstracts/

On that page, you will see a link to access the abstract submission site. Please follow that link after reading the instructions on the SAGES site.

After following the link you should see a page similar to the following:

This is the entry page for the abstract software. **ALL submitters MUST create a new account to submit an abstract. Accounts created in the past submission run will no longer work. You must create a new account for 2022/2023 (you may use the previous username and password).** The link to create an account is found just below the login box.
Part 1a – Technical Requirements

We have tested the software with multiple browsers and operating systems. Please use one of the following to access the abstract submission system.

Browsers:

Windows:

MS Internet Explorer 9 or newer
Current versions of:
• Firefox
• Chrome

Macintosh:

Current versions of:
• Safari
• Firefox
• Chrome

Mobile Devices:

We do not currently support mobile browsers

Screen Resolution:

We recommend setting your screen resolution to AT LEAST 800x600 pixels. Users with a screen resolution of 640x480 pixels will have a hard time navigating the site. What you see will vary depending on your computer and browser settings.
Part 2 – Creating a New Account

You must create an account before you can submit abstracts for this meeting. Each user account can submit an unlimited number of abstracts. If your institution is planning on submitting multiple abstracts, it may be to your benefit to coordinate all submissions under one account for easier management. Once you have clicked on the link to create a new account (from Part 1), you will see the following screen:

![Register User Form](image)

Please fill out this form completely, as all fields (except Middle Initial) are required. This is the main Contact Name for the entire account. Individual abstracts can have a different contact name if desired.

You **MUST** enter a valid email address and you **MUST** be able to check that address for new messages to receive the password to log in. Additionally, we recommend you whitelist @submitmyabstract.com email addresses in your spam filter to prevent the message from being blocked. Passwords are automatically generated and emailed to verify the email address. This step is necessary because we will be conducting communications almost entirely by email. After submitting the above form, you should receive the password by email within 5 minutes. If no email is received after 10 minutes, please contact the [SAGES Office](http://www.sages.org/meetings/abstracts) for assistance.
Part 3 – Logging In

By now, you have created an account using the form from Part 2 and you have received your password by email to the address you provided. The randomly generated password will look something like this:

6TZIdrK3S2

Follow the link in the email to go back to the abstract site login screen and enter the User ID you created into the User ID box (see below). The passwords ARE CASE SENSITIVE, so you must enter capital and lowercase letters exactly as shown in the email. **We suggest that you copy and paste the password from the email into the login box.** Once you have entered your User ID and password, click the Submit button to log in.
Part 3a – Resetting a Forgotten Password

Upon clicking the “Forgot your password? Click here” link on the login screen, you will be taken to the password reset screen:

Enter EITHER your user ID OR your email address above and click the Submit button. The password for that account will be reset to a new randomly generated value and emailed to the address provided when you created the account. If you do not receive the new password within 5 or 10 minutes, please contact the SAGES office for technical support.
Part 4 – The Main Menu

After a successful login, you will see the following screen:

![Main Menu Screen]

Because this is your first time logged in, you have no abstracts in the system.

To begin submitting a new abstract, click the “New Abstract” link at the top of the page (go to Part 5).

To change the randomly generated password, click on your user ID at the top right of the screen (go to Part 4a).
Part 4a – Changing the Password

To change the randomly generated password to something easier to remember and type, click on your User ID at the top right of the main menu. You will see the following screen:

To change the password, first enter your email address in the “Confirm Email” text box and then simply enter the new password in the Password and Confirm fields and click the Save button. You will see a message at the top of the screen if the information was saved successfully. At that point, you can Logout, return to the Main Menu or begin a New Abstract.
Part 5 – Submitting a New Abstract || Step 1 – Contact Information

When you click on the **New Abstract** button at the top of the Main Menu, you are taken to the following screen:

![Abstract Submission and Management](image)

All fields marked with the **red asterisk (*)** are required and may not be left blank. The system assumes that the Contact Name of the account will also be the contact for the abstract, but you may change this if you wish.

Please enter a valid postal address as well as a valid phone number and email address. Entering a fax number is optional but highly recommended.

Click the **Next** button at the bottom of the page to continue, or click the **Cancel** button to discard this abstract and return to the Main Menu.
Part 5 – Submitting a New Abstract || Step 2 – Title, Authors & Institutions

Enter the abstract title in the first field on this screen. The title is limited to 254 characters.
Click **Add Author** to begin adding the First (Primary) Author.

Enter in the author’s Name, Title, Cell Phone, Email, Institution and Training Status. Then check-off if there is a financial relationship to disclose for the author.

SAGES, adhering to the policies of the ACCME, must insure balance, independence, objectivity, and scientific rigor in all its educational activities. The ACCME states “the owners and employees of ineligible companies are considered to have unresolvable financial relationships and must be excluded from participating as planners or faculty, and must not be allowed to influence or control any aspect of the planning, delivery, or evaluation of accredited continuing education, except in the limited circumstances outlined in **Standard 3.2**.” Therefore, the SAGES Conflict of Interest Committee (CIC) declares that no employees/owners of an ineligible company may present in SAGES CME accredited sessions. **This policy is applicable to abstract authors and presenters.**

Click **here** to view the ACCME’s definition of ineligible company, owner and employee.

Please contact **erin@sages.org** with any questions regarding SAGES Policy on Owner/Employee of Ineligible Companies.
It is at this point where you must disclose any and all relevant financial relationships with Ineligible Companies. If there is nothing to disclose, select No; you will be taken back to the previous page where you may add more authors. If there is anything to disclose, select Yes; you will be taken to another page to enter your disclosure(s) and conflict of interest management strategy.

Enter author's financial disclosure.

You will be taken to another page to add more disclosures OR finalize the disclosure entry.
If you select **Yes**, you will be directed to another disclosure screen similar to that pictured above. If you select **No**, you may move on to add the next author.

Enter the rest of the Authors in the same manner; making sure the disclosure information is accurate and up to date. You may add any number of authors in any order you wish once you have completed adding the First (Primary) Author.

Click **Save & Continue** to move on to the next step or **Back** to edit the contact information. From this point forward, if you leave the site, your abstract will be saved.
Part 5 – Submitting a New Abstract || Step 3 – Topic

Use the Topic pull-down menu to select the topic that most closely matches the topic of this abstract.

If the presenter is a Student/Resident/Fellow, provide the anticipated date of completion of training.

Finally, indicate if this abstract is the result of research completed under a SAGES research grant.

Click Back to go back and edit Authors and Institutions or Next to continue.
Part 5 – Submitting a New Abstract || Step 4 – Type and Financial Disclosure

If this is a video submission, answer whether or not the video is a Complications Video or a “State of the Art Performance of a Procedure” Video.

Explain if the abstract has been previously presented and what type of study.

Click **Next** to add and edit the body of your Abstract Summary.
