Monthly Electronic SCOPE 2.0

March 2025

What an amazing week in Long Beach! It was so great to see more than 2500 attendees gathered together for learning and FUN. If you missed any sessions or weren't able to attend in person this year, the virtual meeting content will be available in the coming weeks.

Also in this issue:

Shark Tank winner FemTherapeutics; Member Spotlight Dr. Dave Renton; and, SAGES Stories featuring SAGES Executive Director Sallie Matthews.

Fujifilm Healthcare Americas Corp.
Integra

IN-KIND

Johnson & Johnson MedTech (disposable supplies)

SAGES 2025 Coming Soon: Photo Collection and Virtual Meeting Content

As we do every year, next month's Messages will feature a collection of photos from Long Beach including session panels, speakers (and the Presidential address), wellness activities, SAGES Got Talent, and the Main Event. And please watch SAGES communications over the coming weeks for the release date of the virtual meeting for both previously registered and new attendees.

SAGES Member Spotlight Dave Renton, MD Chair, SAGES TAVAC Committee

Dave Renton, MD

*Clinical Associate Professor of Surgery
Ohio State University*

Camaraderie is always among the top three things that members say sets SAGES apart from other societies. For Dr. Dave Renton, camaraderie also means "whenever I reach out to SAGES members for help on a project, I've never heard no for an answer. Everyone wants to help for the good of the group, which is a rare find in a surgical society."

As a longtime SAGES member, Dr. Renton has no doubt had a lot of help on his many projects as part of a number of committees, including Guidelines, Publications, Communications, RPS, DEI and now as chair of the TAVAC (Technology and Value Assessments) Committee.

To read more about Dr. Renton, please go [here](#). To learn more about SAGES membership and access an online application form, please go [here](#).

FemTherapeutics Wins Shark Tank 2025

Montreal-based FemTherapeutics won this year's Shark Tank competition in Long Beach. Pictured right with Shark Tank judges is company co-founder and CTO Negin Ashouri. Noting that FemTherapeutics has created a product that addresses a concern for many women that's poorly met with existing alternatives, Shark Tank leaders Drs. Steve Schwaitzberg and Jon Gould said the judges were impressed with the simplicity and ingenuity of the product coupled with its potential market size and multiple distribution pathways.

New Videos Live on the SAGES SMART Site - The Future is Flexible Part 2

Don't miss this month's series of videos that include: Initial experience and outcomes

of peroral pyloromyotomy for the treatment of refractory gastroparesis; colonoscopic appendicectomy; and, transgastric endoscopic cholangiopancreatography vs. laparoscopic transcystic common bile duct exploration for the treatment of choledocholithiasis.

SAGES Executive Director Sallie Matthews Featured on SAGES Stories

In this episode, Drs. Kevin El-Hayek and Jenny Shao talk to SAGES Executive Director Sallie Matthews who shares stories about how she got into the Executive Directoring business, how SAGES has transformed over the years, and what it means to be a successful woman in the field of surgery. Interesting, heartfelt, and inspiring! Go [here](#) to catch up on all SAGES Stories podcasts.

American Board of Surgery Volunteer Opportunities

Surgeon volunteers are a critical part of the ABS mission and workforce. To be eligible for an examination role with the ABS, a surgeon must: hold a current ABS certificate; be actively participating in the ABS Continuous Certification Program and meeting ongoing certification requirements (having passed at least one CCA); be clinically active; and, be in good standing with no credentials committee or current reputational risk issues. Interested volunteers must complete the **volunteer form**.

Opportunity for SAGES Members to Apply for the ABMS Visiting Scholars Program

ABS is co-sponsoring the American Board of Medical Specialties (ABMS) Visiting Scholars Program. The program is an annual one-year, part-time grant program that supports early-career physicians and researchers in their leadership development and research efforts that advance the ABMS mission and align with current research priorities.

Grants of \$15,000 are awarded to support research and travel expenses associated with program participation and research deliverables. The grant may be applied to an existing research project with a new scope or an original research project.

For 2025, the ABS has committed to sponsoring up to two scholars. Applications are available for submission through June 23 via the **ABMS website**. A webinar about the program will be held on Tuesday, April 15.
